

## Executive Committee Work Summary

---

Name	Position	Date Submitted	Reporting Period
Ismael	VP External	August, 2016	August 2016

### Consultation and Representation

The committee for orientation week was made and there will be a table for H&D plan, students will be informed about the new changes of the plan.

GSA Executive decided to add few dollars to the premium rate of H&D plan as rate stabilization fee to compensate the future changes of the plan. VP external is supposed to track the usage of the plan and decide for the next year rate.

### Projects and Goals

Executives decided to talk about the self-funded model which was decided 5 years ago in the next council meeting. From the date of the decision there was an extra charge to the premium rate, but it sounded to executives that self-funded model might not be doable for GSA, so they decided to talk about this with council and let them know the advantages and disadvantages and they will decide if they want to continue this model or not.
